Using digital templating we are able to accurately measure projects for the most efficient use of product. Our trained operators ensure every cut is flawless and quality check each piece of stone before delivery. Design and creativity go hand in hand. We offer unique quartz thermoforming processes to help bring even the most creative visions to life.

Fast... Efficient... Eco-friendly!

We understand the importance of on time and on budget, not only to you but to your client. Our team is dedicated to meeting your project needs and timelines. We have the ability to quickly produce pieces to accommodate any schedule. We also use recycled glass for countertops and recycle up to 120 gallons of water per minute during production. We strive to take care of our environment.

Access to Many Natural and Quartz Stone Products

"Universal Countertop your dream kitchen is calling!
Let's Universal answer the call."

Universal Countertop stocks a wide selection of natural and quartz stone from top names like. Cambria, Zodiaq, SileStone, LG, and more. We also carry a line of ecofriendly countertop products manufactured for pre- and post-consumer recycled glass and concrete, such as IceStone, Curava, and Vetrazzo. Due to our volume of product and close relationships with suppliers, we are able to offer extremely competitive pricing on all products we carry.
